

Natural Stone Disclaimer

****Please read this document carefully. By purchasing natural stone products, you agree to the terms of this disclaimer. If you do not agree with any part of this disclaimer, you must not proceed with the purchase of natural stone products. ****

Natural stone is a product of nature, and as such, variations in color, pattern, texture, and veining (including pits, fissures, fragmentation, breakage, and cracks) are inherent and should be embraced as the unique beauty of the material, rather than viewed as flaws.

****Purchaser Acknowledgments: ****

- ****Variation: **** Natural stones inherently vary in color, pattern, and texture. The stone you receive could slightly differ from the sample or pictures provided.
- ****Sample Limitations: **** Samples are intended to offer a general idea of the stone's color and veining. They are typically provided in small sizes (e.g., 4x4, 12x12), and full-size samples (e.g., 16x16, 18x18, 24x24) are not provided unless specifically arranged.
- ****Reordering: **** Additional stone ordered at a later date may slightly differ in color and pattern and may also be more expensive. We cannot guarantee that it will match the original stone.
- ****Deposit and Payment: **** A 50% non-refundable deposit is required to place an order. Once placed, orders cannot be canceled. The remaining balance is due upon completion of the cutting process. Delivery will be scheduled once the balance is paid.
- ****Post-Installation Responsibility: **** Metro Brick & Stone is not responsible for any stains, fissures, cracks, or breakage that may occur after installation.
- ****Disclaimer Updates: **** Metro Brick & Stone reserves the right to modify this disclaimer and any other terms and conditions on our website at any time, without prior notice.

****Product Representation: ****

- ****Imagery: **** All product images on www.metrobrick.com are intended to provide a general representation of the stone's color, veining, and variation. Due to natural variations in stone consignments, differences in lighting, and monitor color interpretations, the actual product may appear different from what is seen in images.

No stone product will be sold without a signed disclaimer from the homeowner and/or builder, confirming the selected stone's color and type.
